School Days Off — Important Reminder

If your child needs care at Kids Fantasies on a school day off, no-school day, teacher in-service day, or school break, your request must be submitted to the program at least one week in advance. Advance notice allows us time to make the necessary staffing, transportation, meal, and program accommodations for additional children who will be in care.

Families receiving Child Care Assistance must also contact Child Care Assistance ahead of time to request that the additional school-off days/hours be added or approved on the child's authorization so that eligible childcare fees can be covered.

Please do not wait until the day of the school closure to request care. Care for school days off is based on advance notice, available space, and proper authorization.
