To help our children stay cool and enjoy our summer water activities, please send your child with one labeled swimsuit that can remain at the daycare throughout our "Buggin' Out!" Summer Program. No worries—we will wash and sanitize swim attire as needed to keep it clean and ready for each water play day.

Developmental Screenings & Assessments

Throughout the year, Kids Fantasies LLC will conduct developmental screenings and ongoing assessments for each child. These tools help us monitor your child's growth, celebrate their progress, and identify any areas where additional support or enrichment may be beneficial.

If your child has recently completed a developmental screening or assessment with their pediatrician or healthcare provider, we would greatly appreciate receiving a copy for your child's file.

Please be assured that all screening and assessment results are strictly confidential and will only be used by the provider to support your child's individual learning and development. This information will not be shared with anyone without your written permission, unless required by law.
